(Containing Numbers 779-786)

**SOCIETY FOR PSYCHICAL RESEARCH**  
**I ADAM & EVE MEWS · LONDON · W8 6UG**

The purpose of the Society for Psychical Research, which was founded in 1882, is to examine without prejudice or prepossession and in a scientific spirit those faculties of man, real or supposed, which appear to be inexplicable on any generally recognized hypothesis. The Society does not hold or express corporate views. Any opinions expressed in its publications are, therefore, those of the authors alone.

The Council desire that material printed in the Society's publications shall be put to the fullest possible use by students of psychical research. Permission to reproduce or translate material published in this *Journal* must, however, first be obtained from the Society and from the author. Applications should be addressed to the Editor in the first instance.

# INDEX TO VOLUME 50

1979-80

For the sake of brevity, such qualifications as 'supposed', 'alleged', etc., are omitted from this index. It must, however, be understood that this omission is made solely for brevity, and does not imply any assertion that the subject-matter of any entry is in fact real or genuine.

Where an article or other item covers several pages, only the first page number is given: f following a page number indicates that the item or person indexed appears on the following one page also, and ff that it appears, possibly *passim*, on two or more immediately consecutive pages. n refers to a footnote.

**Main articles** are listed under **A — Articles** in the alphabetical order of their titles, followed by the names of their authors (in brackets), who are cross-indexed as **author of article** followed by the relevant page number.

**Book reviews** are listed under **B — Books Reviewed** under the names of their authors arranged alphabetically, followed by the titles of the books and then the names of the reviewers in brackets. Titles and reviewers are cross-indexed.

**Letters** are indexed under **Correspondence**, their subjects being placed first, in alphabetical order, with the names of the writers in brackets after them. Letter-writers are cross-indexed.

**Obituaries** are indexed together under **O** and the subject of each obituary is also listed separately.

For lists of books added to the Library, please see the relevant pages in the original issues of the *Journal*, the required page numbers being listed under **Society for Psychical Research — Library, Additions to**.
